

# What's Cookin'?

## Smokey Bear Puppet Scripts

**Serves:** creative, energetic kids and teachers

**Food Groups:** drama and story telling

**Serving Suggestion:** *All the World's a Stage* for kids grades 2-5

### Ingredients:

- 1 Smokey Bear plastic bag puppet and several of His friends
- 3 unique scripts using all cast members, each with different educational messages
- 1 User Guide

Needed several pilots – see page 3

## Smokey Bear Clip-Art Color CD

**Food Group:** project design tool

**Serves:** interagency program managers

**Serving Suggestion:** create your own quality, local products with Smokey's message

### Ingredients:

- 1 existing black and white clip-art CD
- 12 or more of these images, colorized
- 50 or less slides of nostalgic Smokey Bear posters

## Grasslands Poster

**Food Groups:** educational poster and art

**Serves:** USDA national grasslands managers, teachers, and kids grades 3-4

**Serving Suggestion:** encircle with supporting web site and enthusiastic presenters

### Ingredients:

- 20 outstanding art pieces of grass species
- 14 individual activities (choose 8 from backside of poster, remainder on web) including: Grass Scavenger Hunt, Grass Anatomy, Did You Eat Your Grass Today?, Fire is Naturally a Part of Nature, Life Cycle of Grasslands, and more yummy topics to whet your whistle!
- 50 states for native grass ranges
- 1 prototype for possible use on all Smokey Bear educational series
- 1 Teacher's Guide

## Smokey Bear Interactive Training

**Serves:** national interagency field reps highlighting latest program trends, policies, etc.

**Food Groups:** training and adult education using a train the trainer model

**Serving Suggestion:** appetizer to tempt a variety of interagency personnel to deliver customized Smokey Bear educational programs

### Ingredients:

- 1 Fun energetic bear
- 4 Hours of self-study interactive web materials
- 4 Hours of experiential classroom learning
- 8 learning modules – split into mandatory and voluntary units
- 1000's of Smokey field champions
- 16+ trained regional Smokey Bear trainers

## Woodsy's Invasive Species Project

**Food Group:** second in a series of Woodsy Owl Funpacks

**Serves:** kids 7-10 wanting to learn how they can help stop the spread of invasive species

**Serving Suggestion:** with other topics on threats to the health of the environment

### Ingredients:

- 10 USDA Forest Service professionals in the topic (Researchers, Interpreters, Range Management specialists, and others)
- 10 invasive weeds from a variety of ecosystems
- 10 fun interactive, widely applicable story lines
- 1 attractive folder with a variety of illustrations, story lines, user hints, activities, information, and games, all in an attractive folder
